SPEAKER BIO

HEIDI MITCHELL

Award Winning Journalist and AI/Technology Contributor, Wall Street Journal

Heidi Mitchell has been a journalist for nearly 30 years. She has held staff positions at various magazines, ranging from *Rolling Stone* to *Newsweek* to *Town & Country*, and her work has appeared in dozens of publications, including the *Financial Times*, the *New York Times*, *The Economist*, and *Fast Company*. For seven years, Mitchell wrote the "Burning Question" column for the *Wall Street Journal*, and she continues to contribute to the *WSJ* frequently on subjects ranging from cybersecurity and artificial intelligence to the future of work. She has appeared on television programs more than 200 times and holds a B.A. from UCLA and a Masters from the University of Chicago. Mitchell splits her time between London and Chicago.
