

Modern Slavery Act 2015 Statement Mayer Brown International LLP

Mayer Brown International LLP (the **Firm** or **we**), a limited liability partnership (registered in England and Wales number OC303359), is a law firm authorised and regulated by the Solicitors Regulation Authority. It is part of Mayer Brown, a global legal services provider comprising legal practices that are separate legal entities.

We oppose all forms of slavery and human trafficking. As a law firm we also abide by and respect professional standards which require us to uphold the law, act with integrity, behave in a way which maintains the public trust in the profession and run our business in a way that encourages equality of opportunity and respect for diversity. Our commitment to ethical standards of behaviour is already reflected in our policies on diversity and global anti-corruption.

Everyone in our Firm has a right to work without fear of harassment and we are committed to creating a work environment where everyone is treated with dignity and respect. We encourage reporting of inappropriate behaviour and operate a strict policy of non-tolerance towards victimisation of anyone making a report, in good faith, of such behaviour or a supporter of a person making such a report.

To address slavery and human trafficking risks we have taken the following steps:

- mapped our supply chain;
- identified relevant suppliers from which to seek confirmations, having regard to guidance from the UK Home Office ([Transparency in Supply Chains: a practical guide](#)) and other relevant publications;
- instructed the procurement team to ensure that slavery and human trafficking risks are appropriately considered when procuring services;
- amended relevant internal reporting requirements to ensure that slavery and human trafficking risks are considered;
- identified training needs to highlight the risks of slavery and human trafficking.
