

EDUCATIONAL PROGRAMS FOR OUR CLIENTS

We are able to tap a broad internal knowledge base to provide training and educational opportunities to support clients' legal and business needs and would be happy to develop and present a Continuing Legal Education ("CLE") program tailored to your organization. Our Firm makes it a point to qualify as many presentations as appropriate for CLE credit in as many jurisdictions as possible and have dedicated employees that work to qualify those programs and help our clients receive the appropriate credit for attendance. We look forward to working with you to identify specific CLE topics most relevant to your organization. A sampling of offerings is below for consideration.
