Chambers UK, Securitisation

INTRODUCTION

Mayer Brown is widely acknowledged as having one of the premier securitisation practices in the world. We handle sophisticated cross-border structured finance and securitisation transactions worldwide, and our global practice of over 150 structured finance lawyers across offices in EMEA, the Americas, and Asia enables us to provide top- tier support and expertise to an array of leading market participants.

Mayer Brown is a leader in the creation and expansion of the global ABS and MBS markets; in addition, we have securitised nearly every conceivable asset class including: trade receivables, commodities, CLOs, mortgage backed securities, bespoke and hybrid trade receivables and auto-related securitisations.

OUR TEAM

The European Securitisation Practice at Mayer Brown consists of more than 30 lawyers, including partners in London, Frankfurt and Paris. In addition we have links and work closely with law firms in many other European countries, including Italy, Spain, the Netherlands and Switzerland. We represent almost every major bank active in the securitisation market and have long-standing relationships with the core securitisation teams within all of the market-leading banks. These banks entrust us with their most complex securitisation deals in a resounding endorsement of the strengths of our practice.

INNOVATION

In recent years, we have advised on innovative mandates for:

- the first Finnish CMBS transaction and first dual EU and US risk retention compliant CMBS transaction;
- the first French CMBS transaction since the financial crisis;
- the first Finnish, Norwegian and Danish auto receivables securitisation;
- the first Belgian securitisation of auto fleet leases;
- the first French securitisation of auto fleet lease receivables and residual values;
- the first German securitisation to receive the True Sale International (TSI) label;
- the first German/French dealer floorplan securitisation;
- the first Swiss credit card receivables securitisation;
- the first non-mortgage securitisation to be listed on the Swiss stock exchange; and
- the first securitisation to receive the Prime Collateralised Securities (PCS) label (an industry initiative launched in 2012 to ensure securitisation transactions conform to certain set criteria and standards).

AWARDS

Our innovative legal expertise is consistently recognised by the securitisation industry.

For example:

- shortlisted for “Finance Team of the Year 2024” by Legal Business Awards;
- shortlisted for “Capital Markets Team of the Year 2024” by Law.com’s British Legal Awards for our work on the Paypal/KKR BNPL transaction;
- shortlisted for “Esoteric ABS Deal of the Year 2024” and “SRT Law Firm of the Year 2024”, by GlobalCapital Awards Europe;
- shortlisted for “Securitisation Deal of the Year” by IFLR

INDUSTRY RECOGNITION

Legal 500 UK, Securitisation

REGULATORY CAPABILITY

The practice is at the forefront of the regulatory developments affecting the securitisation industry in the UK and Europe. We are consistently called upon to respond to regulations and government initiatives affecting, or involving, the securitisation industry. We are one of only a few firms in the world that actively participate in both the **Association for Financial Markets in Europe (AFME)** and the **Structured Finance Industry Group (SFIG)**, the two leading industry bodies for securitisation. This participation, combined with our industry-recognised practices on both sides of the Atlantic, means that we help shape the future of securitisation across Europe, the UK and the US.

- We provide analysis and advice on the EU securitisation regulation in the EU and the UK Capital Requirements Regulations, the UK securitisation framework, and related technical standards, as well as on the Money Market Funds Regulation regarding investments in securitisation.
- We have worked extensively with AFME in Europe and market participants in reviewing and commenting on drafts of regulations and standards as they were being developed. For example, we assisted with preparing the AFME response to the draft guidelines on the criteria for simple, transparent and standardised securitisations.
- We supported the Global Financial Markets Association's (GFMA) response to a Basel Committee consultation document, on recognising cost of credit protection, also very significant to the securitisation industry.
- We advised AFME on its mandate from a UK government-sponsored task force to explore the creation of an aggregation agency to lend directly to small and medium sized enterprises (SMEs) in the United Kingdom and/or to pool loans to these SMEs to facilitate their access to the public corporate bond markets.
- We are actively involved in the **European Commercial Real Estate Finance Council (CREFC)**. One of our partners is a member of CREFC's Regulatory Committee and advises CREFC on all issues relating to rating agency regulation.

MULTI-JURISDICTIONAL CAPABILITY

The practice is recognised for its ability to execute complex multi-jurisdictional transactions and to coordinate work of foreign law firms in the content of pan-European securitisation transactions. Our London, Frankfurt and Paris offices each have a thriving securitisation practice, and we also work closely with our lawyers in Chicago, New York and Charlotte on transactions for American and European clients. In the past year, we structured transactions involving more than 50 jurisdictions, including transactions in Europe, Asia, South America and the US. Our ability to provide experienced sector specialists around the globe on major securitisation mandates sets us apart from our competitors.

REPRESENTATIVE TRANSACTIONS

We regularly represent a diverse group of originators, issuers, investors and rating agencies in European securitisation transactions. Notable engagements include representing:

AUTO AND EQUIPMENT RECEIVABLES

- **ABN AMRO Bank N.V.** on the structuring and documentation of the first German true sale securitisation of German auto loans originated by Volkswagen Bank GmbH, the first transaction licensed by True Sale International (TSI) and using a German limited liability company (Driver One GmbH) as the special purpose vehicle.

TRADE RECEIVABLES

- **ABN AMRO, Commerzbank** and a **US financial institution** on a European and US (combined) trade receivables securitisation originated by subsidiaries of Brenntag Holding GmbH (a German chemical transporting company) in France, Germany, US, Italy and Spain.
- **Aryzta AG** on the amendment and restatement of a trade receivables securitisation program with Rabobank worth €220 million in order to add 9 French sellers and 1 Belgian seller.
- **Bank of America** and **ING Bank** in their roles as senior lenders on an EU 'simple, transparent and standardised' (STS)-compliant trade receivables securitisation. The transaction entails the subsidiaries of NYSE-listed Ashland Inc. based in France, Germany, Ireland, Italy, Singapore, Spain, Switzerland and the UK, selling their account receivables originated from their chemical business to a newly incorporated Irish subsidiary which will be funded by Bank of America and ING Bank. The transaction was not only structured as a European-style 'true sale' transaction, but it also enabled Ashland to receive off-balance sheet treatment in the US.
- **Barclays** and **Fasanara** as lenders in connection with a €250,000,000 trade receivables securitisation made available to the Job and Talent Group in England, Germany, Sweden and Spain.
- **BNP Paribas, Citibank** and **Citigroup** as arrangers in a US\$3 billion cross-border securitisation of trade receivables originated by subsidiaries of Lenovo Group.
- **BNP Paribas** in its capacity as funding agent on a multi-jurisdictional trade receivables securitisation transaction for ED & F Man group, a global producer of food and agricultural products. The originators are located in the United States, Switzerland and Australia. Funding in an amount of \$75 million was arranged by BNP Paribas, funding through its conduit, Matchpoint Finance Plc.
- **Cemex France and UK** in a €100 million trade receivables factoring facility arranged by ING.
- **Channel Capital Advisors**, the alternative capital provider, advising the client in its capacity as arranger, programme manager and placement agent. We led work for CCA in a private debt placement backed by short-term trade receivables for a leading global diamond company headquartered in Antwerp, Belgium.
- **Dell Bank International D.A.C.** on its first European and multi-jurisdictional securitisation. Dell Bank is based in Ireland and provides financing solutions to end-users of products sold by Dell entities in European countries. The asset class in this securitisation consisted of receivables related to lease payments and residual value of computer equipment. Funding is in the form of a term loan €800 million term loan facility provided by BNP Paribas (which acted as an arranger), a US financial institution, Société Générale and a UK financial institution.
- **The Dow Chemical Company** on a pan-European trade receivables securitisation arranged by BNP Paribas in France and involving seven European jurisdictions.
- **FinTech company** on establishing a structured financing programme for the ongoing origination of invoice receivables to customers of supply of goods and services located in the UK, to be financed via a UK incorporated SPV. Funding was provided by Fasanara Investments SA, SICAV-RIAF, a Luxembourg-based UCITS fund, through its sub-funds. This up to £10m transaction was the first deal of the structured financing programme.
- **A leading Canada-based global investment bank** as Sole Lead Arranger, in a £233.5 million mobile phone airtime receivables securitisation originated by a British telecommunications company.

- **Leading global banks**, as arrangers, in a \$3 billion cross-border securitisation of trade receivables originated by subsidiaries of a multinational technology company. Iconic in many respects, this complex transaction utilised an off-balance sheet structure with third-party equity to finance assets in over 20 different countries worldwide and involved over 70 Mayer Brown lawyers.
- **A leading US-based global investment bank** and the **leading UK-based global investment bank** both as Senior Lenders, on a cross border global securitisation programme of trade receivables originated by British independent manufacturer of luxury sports cars.
- **MUFG Bank Ltd.** and **SMBC Leasing & Finance UK No.1 LTD.** in their capacity as funding banks on a securitisation transaction related to receivables generated by a communications services provider in the energy sector.
- **M&G**, as a mezzanine investor, on a securitisation of receivables originated by the Sonovate group in the UK, Europe and USA. This was an upsize of the original £165 million transaction that closed in June 2022, which included the strategic introduction of Lloyds Bank plc as a new senior lender alongside BNP Paribas.
- **NORD/LB** in relation to a securitisation of auto-parts trade receivables generated by US, Canadian, Polish and Slovak originators in the Kongsberg Automotive ASA group.
- **An international company** in relation to the establishment and four further phases of a securitisation in relation to receivables from the sale of bakery products with originators in England, Ireland, the United States, Germany, the Netherlands, Canada and Switzerland, funded by Rabobank and its conduit, Nieuw Amsterdam.
- **Nord/LB** in a \$300 million trade receivable securitisation involving a major French shipping company and its international affiliates.

- **Rabobank** and its commercial paper conduit, Nieuw Amsterdam Receivables Corp, in a securitisation of trade receivables by United Phosphorus.
- **Rabobank** and its commercial paper conduit, Nieuw Amsterdam Receivables Corp, in a securitisation of trade receivables in England and France originated by Sealed Air Corporation.
- **Rabobank, BNP Paribas, CA-CIB and MUFG Bank** in an amendment to the existing securitisation facility of Bunge Global SA to include an additional funding party (MUFG) and a new Bunge group performance guarantor (reflecting a corporate reorganisation). Following this, we later advised Rabobank, BNP Paribas, CA-CIB, The Bank of Nova Scotia (Scotiabank) and BBVA on an amendment to Bunge's existing securitisation facility. The deal will now include Scotiabank and BBVA as new funding parties and upsize the facility to allow for a maximum utilisation of US\$2.5 billion.
- **Rabobank** in its capacities as arranger, sponsor and administrative agent, as well as its commercial paper conduit, Nieuw Amsterdam Receivables Corp, and the syndicate group in relation to a \$700 million securitisation of trade receivables originated by subsidiaries of Bunge Limited across the United States, Canada and Europe.
- **Rabobank** with an amendment to an existing trade receivables securitisation, which involved the addition of new originators to the transaction in France, Belgium and the Netherlands.

- **Rabobank** and its commercial paper conduit, Nieuw Amsterdam Receivables Corp., in a A\$300 million securitisation of trade receivables originated by subsidiaries of Nufarm across Australia, Canada, England, France, Germany, Italy, Spain and the United States.
- **RBC** in an amendment to Nextgear's 2015 securitisation of receivables arising under used vehicle purchase and stocking agreements that are originated by Nextgear. The purpose of the amendment was to, inter alia, securitise new receivables located in the Republic of Ireland; issue a new Euro variable funding note with a principal amount outstanding of €35 million; and to increase the existing Sterling variable funding note to £140 million.
- **SMBC Nikko Securities America, Inc.** as Administrative Agent in relation to the renewal and restructuring of the Archer-Daniels-Midland group's trade receivable securitisation programme funded by SMBC Mitsui Banking Corporation and Mizuho Bank, Ltd with originators in 10 jurisdictions.
- **SMBC and Mizuho Bank Ltd.** in relation to the first, second, third and fourth phases of, and amendments to, a trade receivables securitisation for a global food processing and commodities trading group. The company is one of the world's largest agricultural processors and food ingredient providers. The securitisation involved originators in England, The Netherlands, Switzerland, Canada, Spain, Ireland, Germany, Australia, Bulgaria and Poland, together with security and legal opinions in a number of additional jurisdictions.
- **Smurfit Kappa Group** on a multi-jurisdictional trade receivables securitisation, involving Belgium, France, the Netherlands, Austria and Italy.
- **Smurfit Kappa Group** regarding the securitisation of pan-European receivables in the amount of €650 million, including six German Smurfit companies.
- **A leading global bank** in relation to a facility for the purchase of trade receivables originated by certain group companies of Jabil Circuit, Inc in a number of European jurisdictions and Malaysia. The structure accommodates the securitisation of receivables originated by Jabil's subsidiaries in France, Hungary, Malaysia, Poland and Scotland. This transaction was not only structured as a European-style true sale transaction, but also complied with the requirements of the USGAAP true sale analysis and involved bankruptcy, remote special purposes entities in Ireland, the Netherlands and the Malaysian offshore financial centre, Labuan. This was the first revolving securitisation structure of its kind to receive a foreign exchange licence by the Malaysia central bank, Bank Negara. It was also one of the first securitisations to be structured in the emerging markets of Hungary and Poland, despite the absence of specific securitisation-enabling legislation in those jurisdictions.
- **A US financial institution** in connection with a securitisation of trade receivables originated by subsidiaries of Kloeckner & Co Verwaltung GmbH (a German metals company) in France, Germany, Spain and the UK. In addition to JPMorgan, we also advised ABN AMRO, Barclays Bank PLC, JPMorgan and Societe Generale on separate US and European securitisations of trade receivables originated by subsidiaries of Kloeckner & Co Verwaltung GmbH.

- **A US financial institution** on the structuring and establishment of an innovative securitisation-lite multi- country trade receivables facility in respect of receivables originated by subsidiaries of a US manufacturing company in six different European jurisdictions. The deal was structured along the lines of a traditional trade receivables securitisation, however, it contains the additional restrictive covenants and monitoring more readily associated with an asset-backed loan transaction. This hybrid transaction involved combining securitisation, ABL and other structured finance technologies.
- **A US financial institution** in a €60 million trade receivables factoring facility involving European originators in the packaging sector.
- **A US financial institution** in a \$70 million trade receivables securitisation involving European originators in the plastic films manufacturing sector.
- **A US financial institution** in a €400 million multi-jurisdictional trade receivables deal which was the first of its kind for that financial institution. The originators for this deal were based in England, France, Germany, Italy, Spain and the US. The deal was funded through two of the financial institution's conduits as well as being syndicated to GE, Citibank and Intesa Saopaulo. The deal involved the English, French, German and US offices of Mayer Brown.
- **A US financial institution** in a €110 million trade receivables factoring facility being part of the financing and refinancing package made available to a French steel manufacturer in the context of its acquisition by a US investment fund.
- **A US financial institution** on the acquisition of a pan- European trade receivables Pool in the context of a €300 million factoring transaction.
