STRUCTURED FINANCE

INDUSTRY LEADERS

Mayer Brown's Structured Finance practice is one of the largest and most balanced in the industry, with genuine strengths across the entire range of asset classes—from mortgage-backed securities, asset-backed commercial paper, credit cards, and auto/equipment loans and leases to IP assets, marketplace loans (including fintech lenders and "buy now pay later" financings), renewable energy, whole businesses and insurance-linked securities.

We are regularly called upon by both arrangers and issuers, and we are regularly at the top of the league tables in both categories.

We are leaders not only in ABS/MBS transactions but also in transactions privately funded by banks, private credit and asset-backed commercial conduits.

Many of the structured finance transactions that are commonplace today were first initiated by lawyers at Mayer Brown—for example, the first CLO transaction in 1988, the first partially enhanced multi-seller commercial paper conduit in 1989 and the first ABS shelf registration in 1992.

A key factor in our ability to structure cutting-edge transactions is our depth of knowledge resulting from decades of industry leadership on the entire range of regulatory, securities, bank capital, accounting and other issues that affect securitizations.
